Package details and pricing

ELITE PACKAGE \$1800 *(check "packages" page on our website for any current promotions)*

Starlight Canopy

- This package and includes our popular starlight ceiling canopy. It is 30' by 60' (or 40' x 50') and fully covers the ceiling in beautiful fabric. What makes our canopy unique?
- Ours is a true canopy made of thick draping fabric that reflects light and truly hides the ceiling. Because of this, it visually "drops" the ceiling transforming large halls into intimate rooms. Most competitors offer faux canopies made of tulle or other light, transparent fabric that does little to change the cavernous appearance of large halls.
- There is very little space between canopy drapes and what little space there is, is filled with light strands, ensuring that the ceiling is almost completely hidden.
- Our canopy has over 2000 mini-lights.
- Canopy height is 15' in the center and 10' on the perimeter, creating an intimate atmosphere.
- Our canopy is free-standing/self-supporting and does not cause building damage. Most other canopies are either taped directly to walls or supported by cables run between basketball hoops.

Backdrop

- You can choose one of our 3 custom-made backdrops, including back lighting and greens.

Lighting

- We do not use any overhead lights with this package. We bring all of the indirect accent lighting needed to create a romantic setting for your wedding/reception.
- The backdrops have their own decorative light fixtures, complementing their own unique style.
- We add "glow" lighting underneath each attraction table (i.e. entry, cake, center table, etc.).
- In addition, each guest table is individually spotlighted, emphasizing the table centerpiece.
- Perimeter lighting is also added to emphasize areas of interest.

Sign-In

- You also get a sign in table with all of the fixings including gift card box, lamp, easels—both large and small, linens and glow-lighting underneath the table.
